COMMUNITY BUILDERS | GIS & DEVELOPMENT
PROFESSIONALS | GEOGRAPHERS | HUMANITARIANS
MAPPERS | EDUCATORS | SOFTWARE DEVELOPERS
JOURNALISTS | YOU

On September 14th & 15th, 2017, all these groups will come together to learn, discuss & share ideas on how open geospatial data and the global Humanitarian OpenStreetMap Team community are impacting their world and the Sustainable Development Goals.

Sponsoring this event demonstrates your organization's commitment to the use of open map data to lessen the effects of crises around the world and help achieve the SDGs. Sponsorship supports core expenses of the event and directly enables HOT to subsidize costs for participants from underrepresented regions and groups in the OpenStreetMap community.

To become a sponsor, contact:
operations@hotosm.org
